Chester

The Wedgwood Visitor Centre is a fascinating and revealing insight into a pottery renowned throughout the world. Josiah Wedgwood, 'The Father of English Potters', was born into a family already noted in the industry. Any one of his many talents could have brought him fame - he was an outstanding scientist, artist and engineer - but his shrewd commercial instinct led him to found his own pottery company in 1759. We enjoy a fascinating tour of the Wedgwood factory, and even have the opportunity to "have a go" ourselves! Afterwards there will be the chance to buy some unique gifts in the Visitor centre.

Meet with your local guide for a short tour of Liverpool. Afterwards we enjoy a visit to the Beatles Story at Albert Dock. Charting the story of the world's most famous group from humble beginnings in Liverpool to worldwide superstardom, the Beatles Story is the definitive Beatles museum with some superb memorabilia and interactive displays. Afterwards continue to Chester.

In Chester, soak in the atmosphere created by an abundance of black & white buildings set in a circuit of glorious city walls. Within the walls, are the city's delights like the enchanting Eastgate Clock and the 1000 year old Cathedral, a haven of reflective tranquillity in a lively, bustling, cosmopolitan centre. Chester's crowning glory however are the 13th century Rows - two-tiers of shops running along the main streets.

The city's rich cultural heritage dates back to Roman times and Viking times and the medieval architecture of the city is outstanding. York is dominated by the imposing bulk of York Minster, but also try and spare some time to explore one of York's other fine medieval churches, wander the narrow streets of The Shambles area, or take a walk along the city walls in the footsteps of the Roman centurions.

We meet our local Stratford guide for a half day tour of Stratford Upon Avon. During our tour we will learn about the town's most famous son William Shakespeare.

Visits to two Shakespearean properties have been arranged. Shakespeare's Birthplace is a half timbered house, where Shakespeare was born in 1564. The house offers a fascinating insight into life as it was when Shakespeare was a child. Just outside Stratford lies Anne Hathaway's Cottage, the childhood home of Shakespeare's wife. This picturesque thatched cottage has a charming cottage garden and a tree and sculpture garden including a maze.

We then continue to our Conference hotel in Coventry.

Overnight in Coventry.

Friday

26th October A local guide is provided for a half day tour of Coventry, including entrance to the British Road Transport Museum.

Six hundred years ago Coventry ranked fourth among England's cities in size and importance and at its heart still stands reminders of that golden age. The city however suffered almost complete destruction in the Second World War and the ruins of the medieval cathedral stand as a poignant testament to the war. Today the city has regenerated itself, and a new cathedral has risen from the ashes to epitomise the new life in the city.

Enjoy a visit to the largest collection of British Road Transport in the world with over 230 cars and commercial vehicles, 250 cycles and 90 motorcycles.
